DETAILED ACTION

Acknowledgment

1. The amendment filed on 1/25/2006 has been entered.

Allowable Subject Matter

2. Claims 4-15 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art does not teach the multi-purpose combination ladder/cart assembly as recited in claims 4, 6 and 10, which include a set of wheels connecting to a first frame capable of being arranged in a variety of possible configurations in order to provide a variably selectable center of gravity for the assembly in a cart configuration. Wherein the set of wheels includes a first set of smaller wheels attached to the first frame and a second set of larger wheels attachable to the first of smaller wheels, wherein a particular number of the larger wheels are selected to be attached to a respective number of smaller wheels in order to select the desire center of gravity of the cart configuration. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
